

Dr. Blanca Suarez-Merino DPhil: Head of Technology and Expertise

Education:

- 1995-1999: DPhil in Human Molecular Genetics. (Univ. of Oxford, UK).
- 1992-1994: BSc in Molecular Biology. (First) First Class student (Univ. of Liverpool, UK)

My role in the Company:

Dr. Blanca Suarez-Merino is responsible for the Technology and Expertise Consulting. With her deep knowledge and her huge curiosity and her professional approach, she is the right partner on eye level for our customer. She leads the TEMAS team into the industry and scientific world and is our navigator to stay every day on the path of accuracy and professionalism.

My colleagues ask me about:

Where to make the best holidays in Spain. I am too short in the company to know what my colleagues will ask me.

My highlights:

- Project manager (2007-). The candidate has coordinated large groups of partners through WP leadership in different FP7 and H2020 projects under the umbrella of the Nanomedicine and Nanosafety Cluster.
- GLP study director in the area of pre-clinical product safety for Pharma products.
- Hands on experience in the adaptation of REACH to Nanomaterials.
- Spanish representative of OECD (Nanomaterial grouping and read-across meeting).
- Reviewer of ISI publications and EC projects (Marie Curie Actions, COST Actions).
- Knowledge of ISO9001 and GLP quality standards.
- Working knowledge of MS Office Word, ERP and other relevant software.
- Fluent Spanish, English and some knowledge of Italian.

If you want to know more about me please see my CV or contact me after the 1st of September:

Phone +41 (0) 71 446 50 or Blanca.SuarezM@temas.ch

Looking forward to see you.
